BUSINESS
PRESENTATION

ABOUT US

Raftar Express India Ltd., established in January **1995**, is a leading name in freight forwarding, project logistics, and relocation management. We provide exceptional, cost-effective solutions that consistently outshine our competitors. Our evolution has allowed us to offer comprehensive logistics services with seamless end-to-end integration.

Driven by continuous innovation, we leverage advanced hub-and-spoke systems and multimodal transportation strategies. This commitment to excellence enhances customer satisfaction and sets new standards in service quality.

We deliver flexible point-to-point distribution and sophisticated end-to-end logistics and supply chain management (SCM) services, prioritizing reliability and operational efficiency. Our client-centric business model fosters trust and loyalty while supporting the growth of essential infrastructure. As a result, Raftar Express is a recognized industry leader, dedicated to empowering our clients' success in logistics.

OUR VISION, VALUES & MISSION

OUR VISION

Our Vision is to serve as the most dependable and innovative logistics partner, committed to delivering exceptional service and fostering sustainable growth for our clients.

OUR VALUES

We prioritize accuracy, speed, and quality in every shipment and service we offer. We are committed to continuous improvement through technology, creativity, and forward thinking

OUR MISSION

Transform the logistics sector by implementing the largest and only fully integrated green mobility solution available in the country.

RAIL EXPRESS

RAFTAR
THE SPEED OF INDIA

PARTNERSHIP WITH INDIAN RAILWAYS (Since 1995)

Raftar is widely acknowledged as a premier leader in rail operations by esteemed industry leaders and our valued clients. This recognition stems from our commitment to excellence, powered by a highly skilled team of professionals, including ground staff, administrative experts and SLP Team.

OUR OPERATIONS ENCOMPASS THE FOLLOWING KEY SERVICES:

SIDING VPH OPERATIONS

1000+ DEDICATED
HANDLING TEAM ACROSS INDIA

WIRELESS CCTV SURVEILLANCE

At Raftar, we prioritize safety and security. Every operation, including loading and unloading, is monitored under live CCTV surveillance to ensure secure and safe logistics operations.

***Dedicated Security & Loss Prevention Team(SLP)
for damage protection on every stations.***

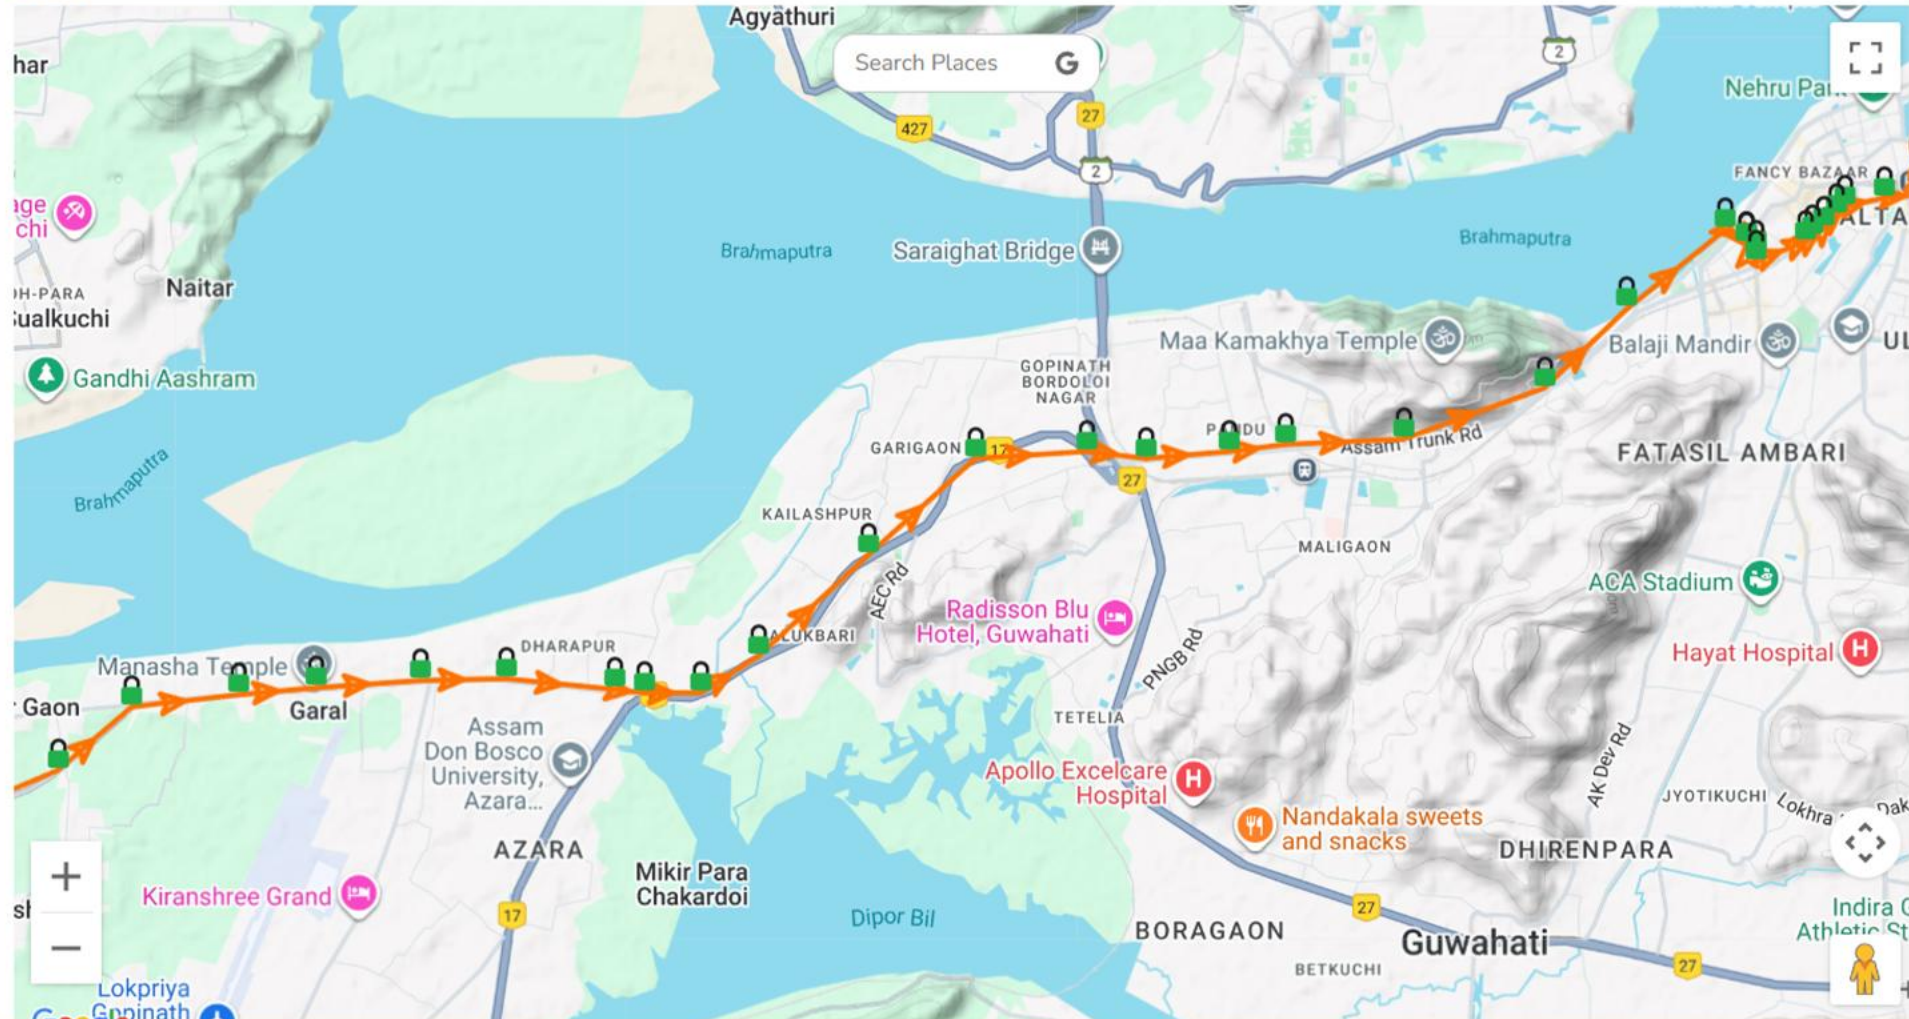

DIGILOCK WITH LIVE MONITORING

At Raftar, upon receipt of each shipment designated for delivery, we implement Lynkit locks on all fleet vehicles. The Lynkit lock offers robust digital security, enabling our monitoring team to accurately track the location of each vehicle. Furthermore, it provides notifications in the event of any tampering attempts.

LIVE TRAIN TRACKING

Road Rail Express

Our new-age fleet of **46–50 ft** high-speed containers powered by Blue Energy - (LNG) delivers unbeatable service across the country.

And the best part !!!

It's 30% more economical than traditional providers.

EMPOWERED BY -

Road Rail Express

WHY IT IS CALLED **ROAD RAIL EXPRESS??**

(Railway discipline. Raftar speed)

- At Raftar Express, our operations follow strict discipline, with cutoff times maintained exactly like railways. Precise, predictable, and always on schedule.
- Our vision is to be the backbone of a smarter, faster and more sustainable logistics ecosystem in India.
- For nonstop operations, Raftar Express switches drivers every 300 km, ensuring zero fatigue, continuous movement, and guaranteed TAT delivery for your shipment.

Road Rail Express

COST-EFFECTIVE SOLUTION, **30% MORE ECONOMICAL**

(No compromises in speed, right!!)

- **Substantial Cost Advantage:** Our solution reduces costs by up to 30% compared to leading service providers.
- **Strategic Pricing:** We offer competitive pricing that delivers superior value at a lower cost.
- **Operational Efficiency:** Advanced methodologies and streamlined workflows cut costs without sacrificing quality.
- **Maximized Value:** Get top-tier performance at a lower investment, boosting financial results.
- **Long-Term Savings:** Enjoy immediate and sustained cost benefits that strengthen your bottom line.

SAFETY & EFFICIENCY PROMISES

(Every promise we make !)

Our Vision is to build a logistics ecosystem where safety is paramount, and efficiency is continuously enhanced, by embedding these core principles into every phrases of our operations, Raftar is helping business deliver goods faster, with higher reliability, and without compromising on safety.

Raftar leverages advanced technologies like **AI-Powerd** route optimization, vehicle tracking, and predictive analytics to monitor and safe transit in real-time, our fleet is equipped with cutting-edge safety features, including collision detection, real time driver monitoring, and emergency response systems, reducing the risk of accidents and ensuring secure deliveries.

Smart sensors and automated systems enable rapid response times, minimizing risks and optimizing operational workflow, cutting-edge software tools streamline performance tracking and provide actionable insights for continuous improvement.

NOTABLE & EFFORTLESS SOLUTIONS DURING BREAKDOWNS!

(Breaches!! No Way)

On every route, our container, tractors with double drivers are strategically deployed every 300 kilometres, ensuring the protection of shipments from breaches and adherence to delivery timelines with minimal delays, as we are committed to upholding our promises with the utmost care.

We have significantly enhanced time efficiency at the cross-docks by simplifying the process instead of engaging in multiple handling steps, the only requirement is the direct attachment of a tractor to the container trailer, thereby reducing operational delays and improving overall productivity.

Our specialized container trailers are designed to be fully compatible with any tractor, allowing for effortless attachment and smooth operation, regardless of tractor's make or model. This versatility ensures that our trailer can be seamlessly integrated into various transportation fleets, providing flexibility.

OUR FLEET

The background of the entire image is a blue-tinted photograph of a Rafter Express truck. The truck is a large semi-trailer unit, and the side of the trailer features the company logo and slogan. The logo consists of a stylized 'R' followed by the word 'RAFTAR' in a bold, sans-serif font, with 'THE SPEED OF INDIA' written in a smaller font below it. The slogan is repeated on the side of the trailer. The truck is parked, and the image is taken from a low angle, looking up at the side of the trailer.
